Parishioner St Matthews Wingham (Biripi Country)

Theologian

PhD University of Newcastle (MPH, MTh, BN)

Lecturer: University of Newcastle and Charles Sturt University

Love to teach ecotheology and anything Bonhoeffer, also public policy, ethics and sociology

Public Theologian with regular ABC Radio appearances

Have ministered in Vanuatu, PNG and the NT

Book: *Bonhoeffer and Climate Change: Theology and Ethics* (does your library have it?)

Keen interest in Bonhoeffer's idea of 'worldly Christianity' and the church being a gift to the world. Much of my research and writing is concerned with issues the world faces: the climate crisis, war, ecological destruction, immigration, rape culture. But I'm still a cheerful person so would love to meet you in person! I can talk about other stuff too: the beach, music, my Siberian Husky called Blizzard.

First time at GS.

Please say hello :)
